Subject: 4 Yearly Review of Modern Awards - Group 4 Awards

Dear Associate

We refer to the Statement [2016] FWC 1191 dated 24 February 2016 and write with respect to paragraph [23] therein. Master Builders maintains an interest in Awards falling within Group 4C.

In relation to the proposed timeline, Master Builders notes that hearings re drafting and technical issues in Group 4C Awards are to take place during August 2016 (dates as yet unspecified).

In determining specific dates for those hearing, we would ask that the Commission please note that Master Builders Australia will be participating in other Full Bench hearings on 17 and 18 August (Part-time and Casual Employment AM2014/197 and 196). In the event the Commission decides to schedule hearings Group 4C hearings on those days, we would be unavailable to participate.

We thank the Commission for its consideration of the above information.
