Subject: AM2014/204 Health Professionals and Support Services Award 2010 - response to HSU proposal

Dear Associate,

We refer to the above matter and Commissioner Roe's further report to the Full Bench, dated 26 April 2016. We write in accordance with the Commissioner's direction to respond to the HSU's proposal of 25 April 2016.

It is our understanding that the HSU's proposal is presented as a "package"; that is, agreement by all interested parties to each of the variations proposed would result in the resolution of certain outstanding matters. Whilst the Australian Industry Group (Ai Group) does not oppose the variations proposed to the meal breaks provision, we are not in a position to consent to the complete package of variations proposed.

Should the matters proceed to be heard and determined by the Commission, Ai Group will continue to pursue a variation to the meal breaks provision.

Kind regards,
Ruchi.
