**Subject:** AM2014/209 - 4 Yearly Review of the Pharmacy Industry Award 2010

Dear Associate,

**Re: AM2014/209 - 4 Yearly Review of the *Pharmacy Industry Award 2010***

We refer to the above matter and yesterday's correspondence from the Pharmacy Guild, Australian Business Industrial and the NSW Business Chamber, and Business SA seeking an extension of time for the filing of submissions on the Plain Language draft of the Pharmacy Industry Award until 20 May 2016.

The union interested parties have finalised a joint submission consistent with the Directions of his Honour Justice Ross on 27 April 2016 and are in a position to file this submission today if still required.

However, we note the request from the employer parties that they be granted an extension of one week so they can finalise and complete their submissions. As a result of these applications we will hold off lodging our submission until we hear if their application for an extension of time has been granted.

We also request that if the Commission is of a mind to grant the employer interested parties application for an extension of time to file submissions that the Commission grant a consequential extension in the time for interested parties to file reply submissions. This would mean that there will also be a need for the currently listed Conference on 25 May 2016 to be rescheduled to a later date.

The union interested parties are most disappointed that the employer interested parties have been unable to comply with the Directions issued in relation to this matter and are disappointed that they did not raise this matter at the Conference on 27 April or shortly after Directions were issued.

The union interested parties will comply with any Directions issued by the Commission in relation to this matter.

Regards

Katie Biddlestone - SDA  
Leigh Svendsen - HSU
