Dear Associate

We refer to correspondence from both the Pharmacy Guild of Australia and NSWBC and ABI below.

Business SA also respectfully requests an extension of time for the filing of submissions in relation to this matter.

If the President is inclined to grant the extension sought on behalf of the Pharmacy Guild and NSWBC and ABI, we respectfully request we be granted a similar extension for the filing of submissions.

Business SA has had discussions with other parties to this matter and is concerned that the draft Award is at a stage where detailed and thoughtful responses are required for both part A and part B of the draft.

Please do not hesitate to contact me should you wish to discuss this matter.

regards
