Subject: NFF requests for extension and video-link

Dear Associate,

I'm writing to you with regards to the release of updated exposure drafts for the Pastoral Award 2010 and the Horticulture Award 2010 on the 15th of March last week.

It's our understanding that as part of sub-group 3D, these drafts were due for release on the 8th of March 2019 (as per the table in the President's Statement issued on the 28th of February 2019). As the drafts for the Pastoral and Horticulture awards were not made available until one week after this indicated date, we respectfully request a one-week extension on the 5th of April 2019 deadline for comments on the updated Group 3 exposure drafts.

Further to this, we wish to request a video-conferencing link to Canberra be established for our attendance at the conference on plain-language redrafts on the 3rd of April 2019.

Please let me know if there are issues with these requests, or if you have any questions or concerns.

Yours faithfully,
