Subject: AM2014/246 - State Government Agencies Award 2010

CPSU writes in relation to the exposure draft award for the above matter issued on 14 July 2017

1. CPSU has reviewed the revised exposure draft in conjunction with Industrial Relations Victoria and has no issues with the proposed award.
2. Excess travelling time clause 11.3(e)

The parties are asked to clarify the payment arrangements for this clause. The clause provides an entitlement to payment (or time in lieu) for excess travel time "outside normal working hours". The employee must be granted "time off during normal hours of duty" or "be reimbursed at the ordinary rate of pay".

Payment is therefore not at the penalty rate but at the employee's ordinary hourly rate.
