Subject: AM2014/287 Surveying Award

Dear AMOD,

Due to recent staff absences, the AMWU were unable to meet the 21 July deadlines for submissions in reply to drafting and technical issues in the exposure draft. I apologise for this oversight.

As the AMWU are an interested party in this Award, I would like the opportunity to review the Award in detail and make submission. An extension of time to 8 August should be sufficient.

Regards,

Warren Tegg
