

4 yearly review of modern awards – Education group (AM2015/6)

Proposed Timetable for Hearing of Evidence

[AS AT - 22 JULY 2016]

1. Preliminary Matters

1.1 The parties jointly file this revised timetable for the hearing of evidence on the remaining dates listed for hearing of AM2015/6 before the Full Bench being:

- (a) July 21, 22, 27, 28, 29;
- (b) August 29, 30 and 31;
- (c) September 1 and 2;
- (d) October 19 and 20 (in respect of the Coverage of Research Institutes matters)
- (e) October 20 and 21
- (f) October 28; and
- (g) November 2 and 3.

1.2 The parties have attempted to take into account the known availability of all witnesses in preparing the proposed timetable to avoid any significant changes to the exact order and sequencing of witnesses. However, given the nature of the proceedings and the number of witnesses, the exact order and sequencing within a block of witnesses from a particular party will be further confirmed and may be subject to change. The parties are also considering whether all witnesses are required for cross examination and will confirm same as soon as possible.

1.3 For ease of reference, the proposed timetable identifies the location of each witness and whether video link will likely be required and, if so, the location of the video link.
