Subject: AM2016/23 and Ors - 4 yearly Review - Construction Awards

Dear Vice President Hatcher,

Further to the directions in AM2016/23 - 4 yearly review of modern awards – Construction Awards, issued on 26th October 2016, the CFMEU (Construction and General Division) seeks a variation to the Directions to allow an extension of time until 5.00pm Friday 9th December 2016 for the filing of submissions and evidence in support of the variations we propose. The reason that we seek the variation is that due to the recent “activity” in the Federal Parliament affecting the construction industry, it has been extremely difficult to finalise our submission and witness statements. The extension by 7 days will allow us to file our full submission and evidence by the requested date.

Yours faithfully,

Stuart Maxwell
