Associate to Vice President Hatcher
Fair Work Commission

Dear Associate and other parties,

We attach hereto materials to which Master Builders will refer during submissions that have not already been supplied by other parties.

Please note that the SWA document is extract of a larger document that can be found at:

- <http://www.safeworkaustralia.gov.au/sites/SWA/about/Publications/Documents/765/Hazardous-chemicals-requiring-health-monitoring.pdf>

The version attached contains the first few pages of the larger SWA document above and then moves to those pages relevant to matters involved in this proceeding. The purpose of providing an extract is the minimise the need to print what would otherwise be a document in excess of 200 pages.

Hard copies of the attached materials will be made available to the parties.

Kind regards,

Rebecca Sostarko
Lawyer
