Health Professionals and Support Services Award

Dear Associate,

In relation to the email sent to the parties in the above matter by you on VP Catanzariti's behalf on 1 April 2020 you indicated that the amended date for reply submissions in this matter would now be

Friday 24 April 2020. In considering this due to the substantial amount of new evidence in new witness statements and the like put forward by the HSU both the Australian Dental Association (ADA) and the Australian Dental Prosthetists Association (ADPA) request an extension to file their responses until Friday 8 May 2020.

This request is made as the HSU's submission was not able to be viewed until last week and we will be required to present new evidence as well to respond in a comprehensive manner considering the FWC is now deciding the matter on written submissions. Another factor for us is the ability to adequately download and print all the new evidence considering a lot of us are working from home and we don't have those facilities – and don't have access to our normal work offices. Further trying to arrange for our new witness statements to be taken – considering the substantial new evidence filed by the HSU. All of this will all take quite a bit of time.

We are aware that our request may push this past the originally listed hearing dates of 4-6 May, but in the current circumstances we suggest that this request will not unduly delay the finalisation of this matter.

Thank you for your attention in this matter.

Regards,

David Wilkinson
