Dear Associate,

MEAA objects to the letter sent by Mr Serong of Norton Rose to the Vice President's chambers on 5 September 2019. The letter was on behalf of certain cinema employers.

The letter seeks to make further submissions and adduce further evidence, none of which MEAA or the Live Performance Association have had the opportunity to challenge.

In the circumstances, MEAA submit that the time for submissions and evidence has passed and the Commission should disregard the letter.

Regards,

Matthew Chesher
