 - (b) state each term of this award that the employer and the individual employee have agreed to vary;
 - (c) detail how the application of each term has been varied by agreement between the employer and the individual employee;
 - (d) detail how the agreement results in the individual employee being better off overall in relation to the individual employee's terms and conditions of employment; and
 - (e) state the date the agreement commences to operate.
- 5.5** The employer must give the individual employee a copy of the agreement and keep the agreement as a time and wages record.
- 5.6** Except as provided in clause 5.4(a) the agreement must not require the approval or consent of a person other than the employer and the individual employee.

Where the employee's understanding of written English is limited the employer must take measures, including translation into an appropriate language, to ensure the employee understands the proposal.
- 5.8** The agreement may be terminated:
- (a) by the employer or the individual employee giving 13 weeks' notice of termination, in writing, to the other party and the agreement ceasing to operate at the end of the notice period; or
 - (b) at any time, by written agreement between the employer and the individual employee.

NOTE: If any of the requirements of section 144(4) of the [Act](#), which are reflected in the requirements of clause 5, are not met then the agreement may be terminated by either the employee or the employer, giving written notice of not more than 28 days (see section 145 of the [Act](#)).

5.9 The notice provisions in clause 5.8(a) only apply to an agreement entered into from the first full pay period commencing on or after 4 December 2013. An agreement entered into before that date may be terminated in accordance with clause 5.8(a), subject to 4 weeks' notice of termination.

5.10 The right to make an agreement pursuant to clause 5 is in addition to, and is not intended to otherwise affect, any provision for an agreement between an employer and an individual employee contained in any other term of this award.

6. Requests for flexible working arrangements

6.1 Employee may request change in working arrangements

Clause 6 applies where an employee has made a request for a change in working arrangements under section 65 of the [Act](#).

NOTE 1: Section 65 of the [Act](#) provides for certain employees to request a change in their working arrangements because of their circumstances, as set out in section 65(1A). Clause 6 supplements or deals with matters incidental to the [NES](#) provisions.

NOTE 2: An employer may only refuse a section 65 request for a change in working arrangements on 'reasonable business grounds' (see section 65(5) and (5A)).

NOTE 3: Clause 6 is an addition to section 65.

6.2 Responding to the request

Before responding to a request made under section 65, the employer must discuss the request with the employee and genuinely try to reach agreement on a change in working arrangements that will reasonably accommodate the employee's circumstances having regard to:

- (a) the needs of the employee arising from their circumstances;
- (b) the consequences for the employee if changes in working arrangements are not made; and
- (c) any reasonable business grounds for refusing the request.

NOTE 1: The employer must give the employee a written response to an employee's section 65 request within 21 days, stating whether the employer grants or refuses the request (section 65(4)).

NOTE 2: If the employer refuses the request, then the written response must include details of the reasons for the refusal (section 65(6)).

6.3 What the written response must include if the employer refuses the request

- (a) Clause 6.3 applies if the employer refuses the request and has not reached an agreement with the employee under clause 6.2.

- (b) The written response under section 65(4) must include details of the reasons for the refusal, including the business ground or grounds for the refusal and how the ground or grounds apply.
- (c) If the employer and employee could not agree on a change in working arrangements under clause 6.2, then the written response under section 65(4) must:
 - (i) state whether or not there are any changes in working arrangements that the employer can offer the employee so as to better accommodate the employee's circumstances; and
 - (ii) if the employer can offer the employee such changes in working arrangements, set out those changes in working arrangements.

6.4 What the written response must include if a different change in working arrangements is agreed

If the employer and the employee reached an agreement under clause 6.2 on a change in working arrangements that differs from that initially requested by the employee, then the employer must provide the employee with a written response to their request setting out the agreed change(s) in working arrangements.

6.5 Dispute resolution

Disputes about whether the employer has discussed the request with the employee and responded to the request in the way required by clause 6, can be dealt with under clause 41—Dispute resolution.

- (b) The specific award provisions establish both the standard award condition and the framework within which agreement can be reached as to how the particular provisions should be applied in practice.  - (ii) the agreement reached is kept by the employer as a time and wages record.
- (c) Where no agreement has been sought by the employer with the majority of employees in accordance with clause 7.3(b), the employer may reach agreement with individual employees in the workplace or a section or sections of it and the agreement binds the individual employee provided the agreement reached is kept by the employer as a time and wages record and provided the agreement is only with an individual employee or a number of individual employees less than the majority in the workplace or a section or sections of it.

- (ii) The additional safeguard requires that the unions which have members employed at an enterprise covered by this award must be informed by the employer of the intention to use the facilitative provision and be given a reasonable opportunity to participate in the negotiations regarding its use. Union involvement in this process does not mean that the consent of the union is required prior to the introduction of agreed facilitative arrangements at the enterprise.

7.5 Majority vote at the initiation of the employer

A vote of employees in the workplace or a section or sections of it which is taken in accordance with clauses 7.3(a) and 7.4 to determine if there is majority employee support for the implementation of a facilitative provision, is of no effect unless taken with the agreement of the employer.

Part 2—Types of Employment

8. Types of employment

8.1 Employees under this award will be employed in one of the following categories:

- (a) full-time;
- (b) part-time; or

10.2 A part-time employee must be engaged for a minimum of 4 consecutive hours per shift. In order to meet their personal circumstances a part-time employee may request and the employer may agree to an engagement for no less than 3 consecutive hours per day or shift. The agreement reached must be recorded by the employer on the employee's time and wages record.

10.3 Before commencing part-time employment, the employee and employer must agree in writing on:

 - (i) the ordinary hourly rate for the work being performed; plus
 - (ii) a loading of **25%** of the ordinary hourly rate.
- (b) The casual loading constitutes part of the casual employee's all-purpose rate.
- (c) The resulting rate is the **casual ordinary hourly rate**.
- (d) Where this award refers to a penalty rate or shift loading as being calculated as a percentage of the ordinary hourly rate, that reference will (for a casual employee) instead be taken to be a reference to the casual ordinary hourly rate if the entitlement is applicable to a casual employee.
- (e) The **25%** casual loading in clause 11.2 does not apply to vehicle manufacturing employees in the technical field covered by clause 4.8(a)(xi). The casual loading for these employees is prescribed in clause 46 in Part 9—Vehicle manufacturing employees of this award.

11.3 On each occasion a casual employee is required to attend work the employee must be paid for a minimum of 4 hours' work. In order to meet their personal circumstances a casual employee may request and the employer may agree to an engagement for no less than 3 consecutive hours.

- (b) Every employer of such an employee must give the employee notice in writing of the provisions of clause 11.5 within four weeks of the employee having attained such period of six months. The employee retains their right of election under clause 11.5 if the employer fails to comply with clause 11.5(b).
- (c) Any such casual employee who does not within four weeks of receiving written notice elect to convert their contract of employment to full-time or part-time employment is deemed to have elected against any such conversion.
- (d) Any casual employee who has a right to elect under clause 11.5(a), on receiving notice under clause 11.5(b) or after the expiry of the time for giving such notice, may give four weeks' notice in writing to the employer that they seek to elect to convert their contract of employment to full-time or part-time employment, and within four weeks of receiving such notice the employer must consent to or refuse the election but must not unreasonably so refuse.
- (e) Once a casual employee has elected to become and been converted to a full-time or part-time employee, the employee may only revert to casual employment by written agreement with the employer.
- (f) If a casual employee has elected to have their contract of employment converted to full-time or part-time employment in accordance with clause 11.5(d), the employer and employee must, subject to clause 11.5(d), discuss and agree on:
 - (i) which form of employment the employee will convert to, being full-time or part-time; and
 - (ii) if it is agreed that the employee will become a part-time employee, the number of hours and the pattern of hours that will be worked, as set out in clause 10—Part-time employees.

- (g) An employee who has worked on a full-time basis throughout the period of casual employment has the right to elect to convert their contract of employment to full-time employment and an employee who has worked on a part-time basis during the period of casual employment has the right to elect to convert their contract of employment to part-time employment, on the basis of the same number of hours and times of work as previously worked, unless other arrangements are agreed on between the employer and employee.
- (h) Following such agreement being reached, the employee converts to full-time or part-time employment.
- (i) Where, in accordance with clause 11.5(d) an employer refuses an election to convert, the reasons for doing so must be fully stated to and discussed with the employee concerned and a genuine attempt made to reach agreement.
- (j) Subject to clause 7.3, by agreement between the employer and the majority of the employees in the relevant workplace or a section or sections of it, or with the casual employee concerned, the employer may apply clause 11.5(a) as if the reference to six months is a reference to 12 months, but only in respect of a currently engaged individual employee or group of employees. Any such agreement reached must be kept by the employer as a time and wages record. Any such agreement reached with an individual employee may only be reached within the two months prior to the period of six months referred to in clause 11.5(a).
- (k) For the purposes of clause 11.5, an **irregular casual employee** is one who has been engaged to perform work on an occasional or non-systematic or irregular basis.

11.6 An employee must not be engaged and re-engaged to avoid any obligation under this award.

12. Apprentices

12.1 The terms of this award apply to apprentices, including adult apprentices, except where otherwise stated. Apprentices may be engaged in trades or occupations that are provided for in clause 12 where declared or recognised by an apprenticeship authority. Subject to appropriate State legislation, an employer will not employ an unapprenticed junior in a trade or occupation provided for in clause 12.

12.2 For the purposes of clause 12, **apprenticeship authority** means a State or Territory training authority with the responsibility for the apprenticeship.

12.3 In any State in which any statute or regulation relating to apprentices is in force, that statute and regulation will operate in that State provided that the provisions of the statute or regulation are not inconsistent with this award in which case the provisions of this award will apply.

12.4 An apprentice may be engaged under a training contract approved by the relevant apprenticeship authority, provided the qualification outcome specified in the training contract is consistent with that established for the vocation in the training package determined from time to time by the relevant industry committee, which is currently

the Manufacturing and Engineering Industry Reference Committee, or its successors and endorsed by Innovation and Business Skills Australia or its successor. Such apprenticeships include but are not limited to the following trades: Engineering / Vehicle Tradesperson (Mechanical), Engineering / Vehicle Tradesperson (Fabrication), Engineering / Vehicle Tradesperson (Electrical/Electronic), Higher Engineering Tradesperson and Advanced Engineering Tradesperson. An apprentice may also be engaged where the qualification outcome specified in the training contract is consistent with the qualifications established for electrical vocations within the relevant electrical/utilities training package and endorsed by the National Skills Standards Council or its successor.

12.5 In respect of apprenticeships for Higher Engineering Tradesperson and Advanced Engineering Tradesperson:

- (a) The classification on completion of a Higher Engineering Tradesperson apprenticeship is as a minimum the C10/V5 level. Where the apprentice is offered employment at the completion of their apprenticeship and such employment is in the area of the apprenticeship training, such that they are exercising or will be required to exercise the skills and knowledge gained during their apprenticeship necessary for a C7/V8 level of work, they must be classified at the C7/V8 level.
- (b) The training program for each Higher Engineering Tradesperson apprentice is to be consistent with the minimum training requirement for the classification of the C7/V8 level Special Class Tradesperson, as determined from time to time by the relevant industry committee, which is currently the Manufacturing and Engineering Industry Reference Committee, and as endorsed by Australian Industry Skills Committee. Each apprentice must also complete the requirements for a trade certificate as defined in clause 12.4, as part of the training program leading to the completion of the Certificate IV in Engineering.
- (c) The training program for each Advanced Engineering Tradesperson apprentice is to be consistent with the minimum training requirement for the classification of the C5/V10 level Advanced Engineering Tradesperson, as determined from time to time by the relevant industry committee, which is currently the Manufacturing and Engineering Industry Reference Committee, and as endorsed by Australian Industry Skills Committee. Each apprentice must also complete the requirements for a trade certificate as defined in clause 12.4, and a Certificate IV in Engineering as part of the training program leading to the completion of the Diploma of Engineering.

12.6 Apprenticeships under this award are competency based. The actual time taken to complete an apprenticeship will therefore vary depending upon factors such as the intensity of training and the variety of work experience.

12.7 The nominal period of the apprenticeship is 4 years, however this period may be varied as follows:

- (a) to make up for lost time as set out in clause 12.16; and/or
- (b) with the approval of the relevant State or Territory apprenticeship authority, to recognise prior learning including vocational education and training in school, pre-apprenticeship programs and other prior learning, the nominal period may

be shortened to reflect the proportion of the competencies already acquired;
and/or

- (c) it may be extended by up to 6 months in Stage 3 and 12 months in Stage 4 in the Advanced Engineering Tradesperson apprenticeship where required to complete the competencies.

12.8 Notwithstanding the nominal period, the apprenticeship is completed in a shorter period when:

- (a) the qualification specified in the training contract is successfully completed; and
- (b) the apprentice has the necessary practical experience to achieve competency in the skills covered by the training contract, provided that the determination as to whether this condition has been met must be by agreement between the registered training organisation, the employer and the apprentice and where there is a disagreement concerning this matter the matter may be referred to the relevant State/Territory apprenticeship authority for determination; and
- (c) the requirements of the relevant State/Territory apprenticeship authority and any requirements of the relevant industry committee, which is currently the Manufacturing and Engineering Industry Reference Committee, with respect to demonstration of competency and any minimum necessary work experience requirements are met; and
- (d) with respect to trades where there are additional licensing or regulatory requirements under State legislation, when these requirements are met.

12.9 An apprenticeship may be cancelled or suspended only in accordance with the requirements of the training contract and the requirements of State legislation and the apprenticeship authority.

12.10 The probationary period of an apprentice is as set out in the training contract consistent with the requirement of the apprenticeship authority and with State legislation but must not exceed 3 months.

12.11 Apprentice conditions of employment

- (a) Except as provided in clause 12 or where otherwise stated, all conditions of employment specified in this award apply to apprentices.
 - (i) An apprentice is entitled to be released from work without loss of continuity of employment and to payment of the appropriate wages to attend any training and assessment specified in, or associated with, the training contract.
 - (ii) Time spent by an apprentice, in attending any training and assessment specified in, or associated with, the training contract is to be regarded as time worked for the employer for the purposes of calculating the apprentice's wages and determining the apprentice's employment conditions. Clause 12.11(a)(ii) operates subject to the provisions of Schedule F—School-based Apprenticeships.

(iii) The notice of termination provisions of the [NES](#) apply to apprentices. The redundancy provisions of the [NES](#) do not apply to apprentices.

(b) Payment of fees and textbooks

(i) Any costs associated with standard fees for prescribed courses and prescribed textbooks (excluding those textbooks which are available in the employer's technical library) incurred by an employee in connection with training specified in, or associated with, the training contract must be reimbursed to the apprentice within 6 months from the commencement of the apprenticeship or the relevant stage of the apprenticeship or within 3 months of the apprentice commencing training with the Registered Training Organisation (RTO), whichever is the later, unless there is unsatisfactory progress;

(ii) Direct payment of the fees and textbooks, within 6 months from the commencement of the apprenticeship or the relevant stage of the apprenticeship, by an employer to the training provider satisfies the requirement for reimbursement in clause 12.11(b)(i) above.

(c) Travel payment for block release training

(i) Where an apprentice is required to attend block release training for training identified in or associated with their training contract, and such training requires an overnight stay, the employer must pay for the excess reasonable travel costs incurred by the apprentice in the course of travelling to and from such training. Provided that clause 12.11(c) will not apply where the apprentice could attend an alternate RTO and the use of the more distant RTO is not agreed between the employer and the apprentice.

(ii) For the purposes of clause 12.11(c) excess reasonable travel costs includes the total cost of reasonable transportation (including transportation of tools where required), accommodation costs incurred while travelling (where necessary) and reasonable expenses incurred while travelling, including meals, which exceed those incurred in travelling to and from work. For the purposes of clause 12.11(c) excess travel costs do not include payment for travelling time or expenses incurred while not travelling to and from block release training.

(iii) The amount payable by an employer under clause 12.11(c) may be reduced by an amount the apprentice is eligible to receive for travel costs to attend block release training under a Government apprentice assistance scheme. This will only apply if an apprentice has either received such assistance or their employer has advised them in writing of the availability of such assistance.

12.12 The ordinary hours of employment of apprentices in each enterprise are not to exceed those of the relevant tradesperson.

12.13 The minimum wages applying to apprenticeships are dealt with in clause 21 and no apprentice is to work under a system of payment by results.

12.14 In order to undertake trade training in accordance with clauses 12.4 and 12.5 a person must be a party to a training contract in accordance with the requirements of the apprenticeship authority or State legislation. The employer must provide and/or provide access to training consistent with the training contract without loss of pay.

12.15 An apprentice under the age of 18 years is not required to work overtime or shiftwork unless such an apprentice so desires. No apprentice, except in an emergency, is to work or be required to work overtime or shiftwork at times which would prevent their attendance in training consistent with their training contract.

12.16 Extension of nominal term

- (a) The nominal period of the apprenticeship is extended by an additional day for each day of absence during each year of the apprenticeship, except in respect of absences due to annual leave or long service leave.
- (b) Periods of paid personal/carer's leave which total ten or less days in any apprenticeship year do not extend the nominal period of the apprenticeship.
- (c) Except where the apprentice meets the competency requirements to progress to the next stage as set out in clause 21.7 the following year of their apprenticeship does not commence until the additional days have been worked. However, any time that has been worked by the apprentice in excess of their ordinary hours must be credited to the apprentice when calculating the amount.

12.17 Competency based progression

- (a) For the purpose of competency based wage progression in clauses 21 and 22 an apprentice will be paid at the relevant wage rate for the next stage of their apprenticeship if:
 - (i) competency has been achieved in the relevant proportion of the total competency points / competencies specified in clause 21.7 for that stage of the apprenticeship. The competencies which are included in the relevant proportion must be consistent with any requirements in the training plan; and
 - (ii) any requirements of the relevant State/Territory apprenticeship authority and any additional requirements of the relevant training package with respect to the demonstration of competency and any minimum necessary work experience requirements are met; and
 - (iii) either:
 - (A) the RTO, the employer and the apprentice agree that the abovementioned requirements have been met; or
 - (B) the employer has been provided with written advice that the RTO has assessed that the apprentice meets the abovementioned requirements in respect to all the relevant units of competency and the employer has not advised the RTO and the apprentice of any disagreement with that assessment within 21 days of receipt of the advice.

- (b) If the employer disagrees with the assessment of the RTO referred to in clause 12.17(a)(iii)(B) above, and the dispute cannot be resolved by agreement between the RTO, the employer and the apprentice, the matter may be referred to the relevant State/Territory apprenticeship authority for determination. If the matter is not capable of being dealt with by such authority it may be dealt with in accordance with the dispute resolution clause in this award. For the avoidance of doubt, disputes concerning other apprenticeship progression provisions of this award may be dealt with in accordance with the dispute resolution clause.
- (c) For the purposes of clause 12.17, the training package containing the qualification specified in the contract of training for the apprenticeship, sets out the assessment requirements for the attainment of the units of competency that make up the qualification. The definition of “competency” utilised for the purpose of the training packages and for the purpose of clause 12.17 is the consistent application of knowledge and skill to the standard of performance required in the workplace. It embodies the ability to transfer and apply skills and knowledge to new situations and environments.
- (d) The apprentice will be paid the wage rate referred to in clause 12.17(a) from the first full pay period to commence on or after the date on which an agreement or determination is reached in accordance with clause 12.17(a)(iii) or on a date as determined under the dispute resolution process in clause 12.17(b).

30.5 Absence from work

Part 5—Overtime and Penalty Rates

31. Overtime

31.1 Definition of overtime

- (a) Overtime work is any work performed outside the ordinary hours on any day or shift as defined by clauses 17.2, 17.3 and 17.4.
- (b) For the purposes of clause 31, **ordinary hours** means the hours worked in an enterprise, fixed in accordance with clause 17.
- (c) Overtime work for a part-time employee is any work performed in excess of the hours agreed under clauses 10.3 and 10.4.
- (d) The hourly rate, when computing overtime, is determined by dividing the appropriate weekly rate by 38, even in cases when an employee works more than 38 ordinary hours in a week.
- (e) In computing overtime each day's work stands alone.

31.2 Payment for overtime—other than continuous shiftworkers

Employees will be paid the following rates for overtime worked (except as otherwise provided in clauses 31.3, 31.6, 31.7, 31.8):

- (a) **150%** of the ordinary hourly rate for the first 3 hours; and
- (b) **200%** of the ordinary hourly rate thereafter.

31.3 Unrelieved shiftwork on rostered day off

- (a) Clause 31.3 does not apply to vehicle manufacturing employees covered by clause 4.8(a)(xi).
- (b) If a shiftworker is required to work on their rostered day off because of the absence of a relieving employee, the unrelieved shiftworker must be paid **200%** of the ordinary hourly rate for all hours worked on their rostered day off.
- (c) Clause 31.3 applies when not less than 7.6 hours' notice has been given to the employer by a relief shiftworker that the relief shiftworker will be absent from work.

31.4 Payment for overtime—continuous shiftworkers

A continuous shiftworker working overtime will be paid **200%** of the ordinary hourly rate. Clause 31.4 does not apply to vehicle manufacturing employees covered by clause 4.8(a)(xi).

31.5 Saturday work—day worker

A day worker required to work overtime on a Saturday must be paid **150%** of the ordinary hourly rate for the first 3 hours and **200%** of the ordinary hourly rate thereafter with a minimum payment of 4 hours.

31.6 Sunday work

An employee required to work overtime on a Sunday must be paid **200%** of the ordinary hourly rate until the employee is relieved from duty with a minimum payment of 3 hours.

31.7 Public holiday work

- (a) A day worker required to work overtime on a public holiday must be paid **250%** of the ordinary hourly rate until the employee is relieved from duty with a minimum payment of 3 hours.
- (b) A continuous shiftworker required to work overtime on a public holiday must be paid **200%** of the ordinary hourly rate with a minimum payment of 3 hours.
- (c) A non-continuous shiftworker required to work overtime on a public holiday must be paid **250%** of the ordinary hourly rate until the employee is relieved from duty with a minimum payment of 3 hours.

31.8 Time off instead of payment for overtime

- (a) Clause 31.8 does not apply to vehicle manufacturing employees covered by clause 4.8(a)(xi). The time off instead of overtime provisions for these employees are prescribed in clause 55.1 of Part 9—Vehicle manufacturing employees of this award.
- (b) An employee and employer may agree in writing to the employee taking time off instead of being paid for a particular amount of overtime that has been worked by the employee.
- (c) Any amount of overtime that has been worked by an employee in a particular pay period and that is to be taken as time off instead of the employee being paid for it must be the subject of a separate agreement under clause 31.8.
- (d) An agreement must state each of the following:
 - (i) the number of overtime hours to which it applies and when those hours were worked;
 - (ii) that the employer and employee agree that the employee may take time off instead of being paid for the overtime;
 - (iii) that, if the employee requests at any time, the employer must pay the employee, for overtime covered by the agreement but not taken as time off, at the overtime rate applicable to the overtime when worked;
 - (iv) that any payment mentioned in clause 31.8(d)(iii) must be made in the next pay period following the request.

NOTE: An example of the type of agreement required by clause 31.8 is set out at Schedule K—Agreement for time off instead of payment for overtime. There is no requirement to use the form of agreement set out at Schedule K—Agreement for time off instead of payment for overtime. An agreement under clause 31.8 can also be made by an exchange of emails between the employee and employer, or by other electronic means.

- (e) The period of time off that an employee is entitled to take is the same as the number of overtime hours worked.

EXAMPLE: By making an agreement under clause 31.8 an employee who worked 2 overtime hours is entitled to 2 hours' time off.

- (f) Time off must be taken:
 - (i) within the period of 6 months after the overtime is worked; and
 - (ii) at a time or times within that period of 6 months agreed by the employee and employer.
- (g) If the employee requests at any time, to be paid for overtime covered by an agreement under clause 31.8 but not taken as time off, the employer must pay the employee for the overtime, in the next pay period following the request, at the overtime rate applicable to the overtime when worked.
- (h) If time off for overtime that has been worked is not taken within the period of 6 months mentioned in clause 31.8(f), the employer must pay the employee for the overtime, in the next pay period following those 6 months, at the overtime rate applicable to the overtime when worked.
- (i) The employer must keep a copy of any agreement under clause 31.8 as an employee record.
- (j) An employer must not exert undue influence or undue pressure on an employee in relation to a decision by the employee to make, or not make, an agreement to take time off instead of payment for overtime.
- (k) An employee may, under section 65 of the [Act](#), request to take time off, at a time or times specified in the request or to be subsequently agreed by the employer and the employee, instead of being paid for overtime worked by the employee. If the employer agrees to the request then clause 31.8 will apply, including the requirement for separate written agreements under clause 31.8(c) for overtime that has been worked.

NOTE: If an employee makes a request under section 65 of the [Act](#) for a change in working arrangements, the employer may only refuse that request on reasonable business grounds (see section 65(5) of the [Act](#)).

- (l) If, on the termination of the employee's employment, time off for overtime worked by the employee to which clause 31.8 applies has not been taken, the employer must pay the employee for the overtime at the overtime rate applicable to the overtime when worked.

NOTE: Under section 345(1) of the [Act](#), a person must not knowingly or recklessly make a false or misleading representation about the workplace rights of another person under clause 31.8.

31.9 Reasonable overtime

- (a) Subject to section 62 of the [Act](#) and clause 31.9, an employer may require an employee to work reasonable overtime hours at overtime rates.

- (b) An employee may refuse to work overtime hours if they are unreasonable.
- (c) In determining whether overtime hours are reasonable or unreasonable for the purpose of clause 31.9 the following must be taken into account:
 - (i) any risk to employee health and safety from working the additional hours;
 - (ii) the employee's personal circumstances, including family responsibilities;
 - (iii) the needs of the workplace or enterprise in which the employee is employed;
 - (iv) whether the employee is entitled to receive overtime payments, penalty rates or other compensation for, or a level of remuneration that reflects an expectation of, working additional hours;
 - (v) any notice given by the employer of any request or requirement to work the additional hours;
 - (vi) any notice given by the employee of his or her intention to refuse to work the additional hours;
 - (vii) the usual patterns of work in the industry, or the part of an industry, in which the employee works;
 - (viii) the nature of the employee's role, and the employee's level of responsibility;
 - (ix) whether the additional hours are in accordance with averaging terms of clause 17—Ordinary hours of work and rostering inserted pursuant to section 63 of the [Act](#), that applies to the employee; and
 - (x) any other relevant matter.

31.10 One in, all in does not apply

The assignment of overtime by an employer to an employee is to be based on specific work requirements. The practice of one in, all in overtime must not apply.

31.11 Rest break

- (a) Clause 31.11 does not apply to vehicle manufacturing employees covered by clause 4.8(a)(xi). The overtime rest break provisions for these employees are prescribed in clause 55.2 of Part 9—Vehicle manufacturing employees of this award.
- (b) An employee working overtime must be allowed a rest break of 20 minutes without deduction of pay after each 4 hours of overtime worked if the employee is to continue work after the rest break.
- (c) Where a day worker is required to work overtime on a Saturday, Sunday or public holiday or on a rostered day off, the first rest break must be paid at the employee's ordinary hourly rate.
- (d) Where overtime is to be worked immediately after the completion of ordinary hours on a day or shift and the period of overtime is to be more than one and a

half hours, an employee, before starting the overtime, is entitled to a rest break of 20 minutes to be paid at the rate of pay applying to the employee immediately prior to the scheduled meal break.

- (e) An employer and employee may agree to any variation of clause 31.10 to meet the circumstances of the work in hand provided that the employer is not required to make any payment in excess of or less than what would otherwise be required under clause 31.10.
- (f) An employee entitled to a rest break in clause 31.10 may be entitled to a meal allowance in accordance with clause 29.3(c).

31.12 Rest period after overtime

- (a) Clause 31.11 does not apply to vehicle manufacturing employees covered by clause 4.8(a)(xi). The rest period after overtime provisions for these employees are prescribed in clause 55.5 of Part 9—Vehicle manufacturing employees of this award.
- (b) When overtime work is necessary it must, wherever reasonably practicable, be arranged so that an employee has at least 10 consecutive hours off duty between the work of successive working days.
- (c) An employee, other than a casual employee, who works so much overtime between the termination of their ordinary hours on one day and the commencement of their ordinary hours on the next day that the employee has not had at least 10 consecutive hours off duty between those times must, subject to the other provisions of clause 31.12, be released after completion of the overtime until the employee has had 10 consecutive hours off duty without loss of pay for ordinary hours occurring during the absence.
- (d) If on the instructions of the employer an employee resumes or continues work without having had 10 consecutive hours off duty the employee must be paid at **200%** of the ordinary hourly rate until the employee is released from duty. The employee is then entitled to be absent until the employee has had 10 consecutive hours off duty without loss of pay for ordinary hours occurring during the absence.
- (e) By agreement between the employer and individual employee, the 10 hour break provided for in clause 31.12 may be reduced to a period of no less than 8 hours.
- (f) The provisions of clause 31.12 will apply in the case of a shiftworker as if 8 hours were substituted for 10 hours when overtime is worked:
 - (i) for the purpose of changing shift rosters; or
 - (ii) where a shiftworker does not report for duty and a day worker or a shiftworker is required to replace the shiftworker; or
 - (iii) where a shift is worked by arrangement between the employees themselves.

31.13 Call back

- (a) Clause 31.13 does not apply to vehicle manufacturing employees covered by clause 4.8(a)(xi). The call back provisions for these employees are prescribed in clause 55.6 of Part 9—Vehicle manufacturing employees of this award.
- (b) An employee recalled to work overtime after leaving the enterprise, whether notified before or after leaving the enterprise, must be paid:
 - (i) for a minimum of four hours at **150%** of the ordinary hourly rate for the first three hours and **200%** of the ordinary hourly rate thereafter; or
 - (ii) if the employee is a continuous shiftworker, at **200%** of the ordinary hourly rate for the full period;

provided that:

- (c) Where an employee is required to regularly hold themselves in readiness for a call back they must be paid for a minimum of 3 hours work at the appropriate overtime rate, subject to clause 31.14 which deals with the conditions for standing by.
- (d) If the employee is recalled on more than one occasion between the termination of their ordinary hours on one day and the commencement of their ordinary hours on the next working day they are entitled to the 3 or 4 hour minimum overtime payment provided for in clause 31.13 for each call back. However, in such circumstances, it is only the time which is actually worked during the previous call or calls which is to be taken into account when determining the overtime rate for subsequent calls.
- (e) Except in the case of unforeseen circumstances arising, an employee must not be required to work the full 3 or 4 hours as the case may be if the job they were recalled to perform is completed within a shorter period.
- (f) Clause 31.13 does not apply in cases where it is customary for an employee to return to the enterprise to perform a specific job outside the employee's ordinary hours or where the overtime is continuous, subject to a meal break, with the commencement or completion of ordinary hours.
- (g) Overtime worked in the circumstances specified in clause 31.13 is not to be regarded as overtime for the purposes of clause 31.12 concerning rest periods after overtime, when the actual time worked is less than 3 hours on the call back or on each call back.

31.14 Standing by

Subject to any custom prevailing at an enterprise, where an employee is required regularly to hold themselves in readiness to work after ordinary hours, the employee must be paid standing by time at the employee's ordinary hourly rate for the time they are standing by.

31.15 Transport of employees

When an employee, after having worked overtime or a shift for which they have not been regularly rostered, finishes work at a time when reasonable means of transport

are not available, the employer must provide the employee with a conveyance home, or pay the employee at the overtime rate for the time reasonably occupied in reaching home.

32. Penalty Rates

32.1 Penalty rates for day workers

(a) Weekend work

Where agreement is reached in accordance with clause 17.2(c):

- (i) The rate to be paid to a day worker for ordinary time worked between midnight on Friday and midnight on Saturday will be **150%** of the ordinary hourly rate.
- (ii) The rate to be paid to a day worker for ordinary time worked between midnight on Saturday and midnight on Sunday will be **200%** of the ordinary hourly rate.

(b) Payment for work on public holidays

Except as provided in clause 32.2, a day worker required to work on a public holiday must be paid **250%** of the ordinary hourly rate with a minimum payment as for 3 hours. This rate must be paid until the employee is released from duty.

32.2 Rates for shiftworkers

- (a) Clause 32.2 does not apply to vehicle manufacturing employees covered by clause 4.8(a)(xi). The rates for shiftworkers for these employees are prescribed in clause 54.1 of Part 9—Vehicle manufacturing employees of this award.

(b) Definitions

- (i) **Afternoon shift** means any shift finishing after 6.00 pm and at or before midnight
 - (ii) **Continuous shiftwork** means work carried on with consecutive shifts of employees throughout the 24 hours of each of at least 6 consecutive days without interruption except for breakdowns or meal breaks or due to unavoidable causes beyond the control of the employer
 - (iii) **Night shift** means any shift finishing after midnight and at or before 8.00 am
 - (iv) **Rostered shift** means any shift of which the employee concerned has had at least 48 hours' notice
- (c) In conjunction with clause 7.3, by agreement between the employer and the majority of employees concerned or in appropriate cases an individual employee, the span of hours over which shifts may be worked may be altered by up to one hour at either end of the span.

(d) Afternoon or night shift

An employee working on afternoon or night shift must be paid **115%** of the ordinary hourly rate.

(e) Afternoon and night shift—non-successive shifts

An employee who works on an afternoon or night shift which does not continue:

- (i)** for at least 5 successive afternoon or night shifts or 6 successive afternoon or night shifts in a 6 day workshop (where no more than 8 ordinary hours are worked on each shift); or
- (ii)** for at least 38 ordinary hours (where more than 8 ordinary hours are worked on each shift and the shift arrangement is in accordance with clauses 17.3 or 17.4),

must be paid for each shift **150%** of the ordinary hourly rate for the first 3 hours and **200%** of the ordinary hourly rate for the remaining hours.

(f) Permanent night shift

An employee who:

- (i)** during a period of engagement on shift, works night shift only; or
- (ii)** remains on night shift for a longer period than 4 consecutive weeks; or
- (iii)** works on a night shift which does not rotate or alternate with another shift or with day work so as to give the employee at least one third of their working time off night shift in each cycle,

must be paid **130%** of the ordinary hourly rate for all time worked during ordinary working hours on such night shift.

(g) Work on shifts other than rostered shifts

Where an employee works on a shift other than a rostered shift, the employee must:

- (i)** if employed on continuous work, be paid at **200%** of the ordinary hourly rate; or
- (ii)** if employed on other shiftwork, be paid at **150%** of the ordinary hourly rate for the first 3 hours and **200%** of the ordinary hourly rate thereafter.

(h) Clause 32.2(g) does not apply when the time is worked:

- (i)** by arrangement between the employees themselves;
- (ii)** for the purposes of effecting the customary rotation of shifts; or
- (iii)** on a shift to which the employee is transferred on short notice as an alternative to standing the employee off in circumstances which would entitle the employer to deduct payment in accordance with [Part 3–5](#) of the [Act](#).

(i) Rate for working on Saturday shifts

- (i) A shiftworker must be paid **150%** of the ordinary hourly rate for all work performed on a Saturday.
- (ii) This rate is in substitution for shift penalties in clauses 32.2(d), 32.2(e) and 32.2(f).

(j) Rate for working on Sunday and public holiday shifts

- (i) A continuous shiftworker on a rostered shift must be paid **200%** of the ordinary hourly rate where the major portion of a shift falls on a Sunday or public holiday.
- (ii) A shiftworker on other than continuous work must be paid **200%** of the ordinary hourly rate for all time worked on a Sunday.
- (iii) A shiftworker on other than continuous work must be paid **250%** of the ordinary hourly rate for all time worked on a public holiday.
- (iv) Where shifts commence between 11.00 pm and midnight on a Sunday or public holiday, the time so worked before midnight does not entitle the employee to the Sunday or public holiday rate for the shift. However, the time worked by an employee on a shift commencing before midnight on the day preceding a Sunday or public holiday and extending into the Sunday or public holiday must be regarded as time worked on the Sunday or public holiday and paid in accordance with clauses 32.2(j)(ii) and (iii).
- (v) Where shifts fall partly on a holiday, the shift which has the major portion falling on the public holiday must be regarded as the holiday shift. By agreement between the employer and the majority of employees concerned, the shift which has the minor portion falling on the public holiday may be regarded as the holiday shift instead.
- (vi) The rates in clause 32.2(j) are in substitution for shift penalties in clauses 32.2(d), 32.2(e) and 32.2(f).

Part 6—Leave and Public Holidays

33. Annual leave

33.1 Annual leave is provided for in the [NES](#). Annual leave does not apply to a casual employee.

33.2 Definition of shiftworker

For the purpose of the additional week of annual leave provided for in section 87(1)(b) of the [Act](#), a **shiftworker** is a 7 day shiftworker who is regularly rostered to work on Sundays and public holidays.

33.3 Payment for annual leave

NOTE: Where an employee is receiving over-award payments such that the employee's base rate of pay is higher than the rate specified under this award, the employee is entitled to receive the higher rate while on a period of paid annual leave (see sections 16 and 90 of the [Act](#)).

- (a) Instead of the **base rate of pay** as referred to in section 90(1) of the [Act](#), an employee under this award, before going on annual leave, must be paid the wages they would have received in respect of the ordinary hours the employee would have worked had the employee not been on leave during the relevant period.
- (b) Subject to clause 33.3(c), the wages to be paid must be worked out on the basis of what the employee would have been paid under this award for working ordinary hours during the period of annual leave, including allowances, loadings and penalties paid for all purposes of the award, first aid allowance and any other wages payable under the employee's contract of employment including any over-award payment.
- (c) Subject to clause 33.4, the employee is not entitled to payments in respect of overtime, shift loading, weekend penalty rates, special rates or any other payment which might have been payable to the employee as a reimbursement for expenses incurred.

33.4 Annual leave loading

- (a) During a period of annual leave an employee must also be paid a loading calculated on the wages prescribed in clause 33.3.
- (b) The loading must be as follows:

- (i) **Day work**

- An employee who would have worked on day work only had they not been on leave must be paid a loading equal to **17.5%** of the wages prescribed in clause 33.3 or the relevant weekend penalty rates, whichever is the greater but not both.

- (ii) **Shiftwork**

- An employee who would have worked on shiftwork had they not been on leave must be paid a loading equal to **17.5%** of the wages prescribed in clause 33.3 or the shift loading including relevant weekend penalty rates, whichever is the greater but not both.

33.5 Conversion to hourly entitlement

An employer may reach agreement with the majority of employees concerned to convert the annual leave entitlement in section 87 of the [Act](#) to an hourly entitlement for administrative ease (i.e. 152 hours for a full-time employee entitled to 4 weeks of annual leave and 190 hours for a shiftworker as defined in clause 33.2).

33.6 Electronic funds transfer (EFT) payment of annual leave

Despite anything else in clause 33, an employee paid by electronic funds transfer (EFT) may be paid in accordance with their usual pay cycle while on paid annual leave.

33.7 Annual close down

Notwithstanding section 88 of the [Act](#) and clause 33.9, an employer may close down an enterprise or part of it for the purpose of allowing annual leave to all or the majority of the employees in the enterprise or part concerned, provided that:

- (a) the employer gives not less than 4 weeks' notice of intention to do so; and
- (b) an employee who has accrued sufficient leave to cover the period of the close down, is allowed leave and also paid for that leave at the appropriate rate in accordance with clauses 33.3 and 33.4; and
- (c) an employee who has not accrued sufficient leave to cover part or all of the close down, is allowed paid leave for the period for which they have accrued sufficient leave and given unpaid leave for the remainder of the closedown; and
- (d) any leave taken by an employee as a result of a close down pursuant to clause 33.7 also counts as service by the employee with their employer; and
- (e) the employer may only close down the enterprise or part of it pursuant to clause 33.7 for one or 2 separate periods in a year; and
- (f) if the employer closes down the enterprise or part of it pursuant to clause 33.7 in 2 separate periods, one of the periods must be for a period of at least 14 consecutive days including non-working days; and
- (g) the employer and the majority of employees concerned may agree to the enterprise or part of it being closed down pursuant to clause 33.7 for three separate periods in a year provided that one of the periods is a period of at least 14 days including non-working days; and
- (h) the employer may close down the enterprise or part of it for a period of at least 14 days including non-working days and allow the balance of any annual leave to be taken in one continuous period in accordance with a roster.

33.8 Leave on termination

On termination of employment, an employee must be paid for annual leave accrued that has not been taken at the appropriate rate calculated in accordance with clause 33.3.

33.9 Excessive leave accruals: general provision

NOTE: Clauses 33.9 to 33.11 contain provisions, additional to the [NES](#), about the taking of paid annual leave as a way of dealing with the accrual of excessive paid annual leave. See Part 2.2, Division 6 of the [Act](#).

- (a) An employee has an **excessive leave accrual** if the employee has accrued more than 8 weeks' paid annual leave (or 10 weeks' paid annual leave for a shiftworker, as defined by clause 33.2).

- (b) If an employee has an excessive leave accrual, the employer or the employee may seek to confer with the other and genuinely try to reach agreement on how to reduce or eliminate the excessive leave accrual.
- (c) Clause 33.10 sets out how an employer may direct an employee who has an excessive leave accrual to take paid annual leave.
- (d) Clause 33.11 sets out how an employee who has an excessive leave accrual may require an employer to grant paid annual leave requested by the employee.

33.10 Excessive leave accruals: direction by employer that leave be taken

- (a) If an employer has genuinely tried to reach agreement with an employee under clause 33.9(b) but agreement is not reached (including because the employee refuses to confer), the employer may direct the employee in writing to take one or more periods of paid annual leave.
- (b) However, a direction by the employer under clause 33.10(a):
 - (i) is of no effect if it would result at any time in the employee's remaining accrued entitlement to paid annual leave being less than 6 weeks when any other paid annual leave arrangements (whether made under clause 33.9, 33.10 or 33.11 or otherwise agreed by the employer and employee) are taken into account; and
 - (ii) must not require the employee to take any period of paid annual leave of less than one week; and
 - (iii) must not require the employee to take a period of paid annual leave beginning less than 8 weeks, or more than 12 months, after the direction is given; and
 - (iv) must not be inconsistent with any leave arrangement agreed by the employer and employee.
- (c) The employee must take paid annual leave in accordance with a direction under clause 33.10(a) that is in effect.
- (d) An employee to whom a direction has been given under clause 33.10(a) may request to take a period of paid annual leave as if the direction had not been given.

NOTE 1: Paid annual leave arising from a request mentioned in clause 33.10(d) may result in the direction ceasing to have effect. See clause 33.10(b).

NOTE 2: Under section 88(2) of the [Act](#), the employer must not unreasonably refuse to agree to a request by the employee to take paid annual leave.

33.11 Excessive leave accruals: request by employee for leave

- (a) If an employee has genuinely tried to reach agreement with an employer under clause 33.9(b) but agreement is not reached (including because the employer refuses to confer), the employee may give a written notice to the employer requesting to take one or more periods of paid annual leave.

- (b) However, an employee may only give a notice to the employer under clause 33.9(a) if:
 - (i) the employee has had an excessive leave accrual for more than 6 months at the time of giving the notice; and
 - (ii) the employee has not been given a direction under clause 33.9(a) that, when any other paid annual leave arrangements (whether made under clause 33.9, 33.10 or 33.11 or otherwise agreed by the employer and employee) are taken into account, would eliminate the employee's excessive leave accrual.
- (c) A notice given by an employee under clause 33.11(a) must not:
 - (i) if granted, result in the employee's remaining accrued entitlement to paid annual leave being at any time less than 6 weeks when any other paid annual leave arrangements (whether made under clause 33.9, 33.10 or 33.11 or otherwise agreed by the employer and employee) are taken into account; or
 - (ii) provide for the employee to take any period of paid annual leave of less than one week; or
 - (iii) provide for the employee to take a period of paid annual leave beginning less than 8 weeks, or more than 12 months, after the notice is given; or
 - (iv) be inconsistent with any leave arrangement agreed by the employer and employee.
- (d) An employee is not entitled to request by a notice under clause 33.11(a) more than 4 weeks' paid annual leave (or 5 weeks' paid annual leave for a shiftworker, as defined by clause 33.2) in any period of 12 months.
- (e) The employer must grant paid annual leave requested by a notice under clause 33.11(a).

33.12 Annual leave in advance

- (a) An employer and employee may agree in writing to the employee taking a period of paid annual leave before the employee has accrued an entitlement to the leave.
- (b) An agreement must:
 - (i) state the amount of leave to be taken in advance and the date on which leave is to commence; and
 - (ii) be signed by the employer and employee and, if the employee is under 18 years of age, by the employee's parent or guardian.

NOTE: An example of the type of agreement required by clause 33.12 is set out at Schedule I— Agreement to Take Annual Leave in Advance. There is no requirement to use the form of agreement set out at Schedule I— Agreement to Take Annual Leave in Advance.

- (c) The employer must keep a copy of any agreement under clause 33.12 as an employee record.

- F.9** The apprentice wage scales are based on a standard full-time apprenticeship of 4 years (unless the apprenticeship is of 3 years duration) or stages of competency based progression, if provided for in this award. The rate of progression reflects the average rate of skill acquisition expected from the typical combination of work and training for a school-based apprentice undertaking the applicable apprenticeship.
- F.10** If an apprentice converts from school-based to full-time, the successful completion of competencies (if provided for in this award) and all time spent as a full-time apprentice will count for the purposes of progression through the relevant wage scale in addition to the progression achieved as a school-based apprentice.

NOTE: See clause G.4.2(e) for calculating the actual minimum wage. See also clause G.4.3 for other minimum wage provisions that affect clause G.4.2(d).

(e) Calculating the actual minimum wage

- (i)** If fewer than 38 (or an average of 38) ordinary hours of work per week is considered full-time at the workplace by the employer, the appropriate minimum hourly rate for a part-time trainee is obtained by multiplying the relevant minimum hourly rate in clauses G.4.2(a) to (d) by 38 and then dividing the figure obtained by the full-time ordinary hours of work per week.
- (ii)** If the approved training for a part-time traineeship is provided wholly off-the-job by a registered training organisation, for example at school or at TAFE, the relevant minimum hourly rate in clauses G.4.2(a) to (d) applies to each ordinary hour worked by the trainee.
- (iii)** If the approved training for a part-time traineeship is undertaken solely on-the-job or partly on-the-job and partly off-the-job, the relevant minimum hourly rate in clauses G.4.2(a) to (d) minus 20% applies to each ordinary hour worked by the trainee.

G.4.3 Other minimum wage provisions

- (a)** Clause G.4.3 applies despite anything to the contrary in clause G.4.2.
- (b)** An employee who was employed by an employer immediately before becoming a trainee with that employer must not suffer a reduction in their minimum rate of pay because of becoming a trainee.
- (c)** For the purpose of determining whether a trainee has suffered a reduction as mentioned in clause G.4.3(b) casual loadings are to be disregarded.
- (d)** If a qualification is converted from an AQF Certificate Level II to an AQF Certificate Level III traineeship, or from an AQF Certificate Level III to an AQF Certificate Level IV traineeship, then the trainee must be paid the next highest

minimum wage provided in this schedule, if a higher minimum wage is provided for the new AQF certificate level.

G.4.4 Default wage rate

The minimum wage for a trainee undertaking an AQF Certificate Level I–III traineeship whose training package and AQF certificate level are not allocated to a wage level by clause G.6 is the relevant minimum wage under this schedule for a trainee undertaking an AQF Certificate to Level I–III traineeship whose training package and AQF certificate level are allocated to wage level B.

G.5 Employment conditions

G.5.1 A trainee undertaking a school-based traineeship may agree to be paid an additional loading of 25% on all ordinary hours worked instead of being paid annual leave, paid personal/carer’s leave, paid compassionate leave and paid absence on public holidays. However, if the trainee works on a public holiday, the public holiday provisions of this award apply.

G.5.2 A trainee is entitled to be released from work without loss of pay and without loss of continuity of employment to attend any training and assessment specified in, or associated with, the training contract.

G.5.3 Time spent by a trainee, other than a trainee undertaking a school-based traineeship, in attending any training and assessment specified in, or associated with, the training contract is to be regarded as time worked for the employer for the purposes of calculating the trainee’s wages and determining the trainee’s employment conditions.

G.5.4 The time to be included for the purpose of calculating the wages for part-time trainees whose approved training is wholly off-the-job is determined by clauses G.4.2(e)(ii) and (iii) and not by clause G.5.3.

G.5.5 Subject to clause G.2.4, this award applies to a trainee in the same way that it applies to an employee who is not a trainee except as otherwise expressly provided by this schedule.
