**Subject:** AM2021/72: Application by Menulog Pty Ltd to make a new modern award [KR-  
PRODUCTION.FID7678]

Dear Associate

**AM2021/72: Application by Menulog Pty Ltd to make a new modern award**

I refer to the Directions by Telephone before Vice President Hatcher which has been listed to take place at 10.00am this Friday 11 February 2022.

Menulog is still assessing the implications of the Full Bench's recent decision on the threshold question of the current modern award coverage, and is not ideally placed to respond to the Vice President's anticipated questions regarding proposed next steps at this early stage. We would accordingly be grateful for the Vice President's consideration to postponing the Directions for two to three weeks.

Contributing to this request, I have had a conflicting Court listing arise, and while I can of course arrange for a colleague to appear on my behalf in one of these conflicting matters, I would be grateful for the Vice President's indulgence to allow me to continue to appear in each of them.

I understand also that a number of the interested parties missed or were otherwise unaware of the subscriber notification of the listing and have only become aware of the listing on the Commission's website in the last day. I accordingly anticipate that there will not be an objection to the Directions being postponed.

I note that I have discussed our proposed request for a postponement of the directions with Lorraine Biviano of the TWU as the primary interested party, and Ms Biviano has kindly indicated that she would have no objection to it.

Please contact me if you have any questions or the Vice President requires any further information to consider our request.

Kind regards
